PS250

36V Pole Saw

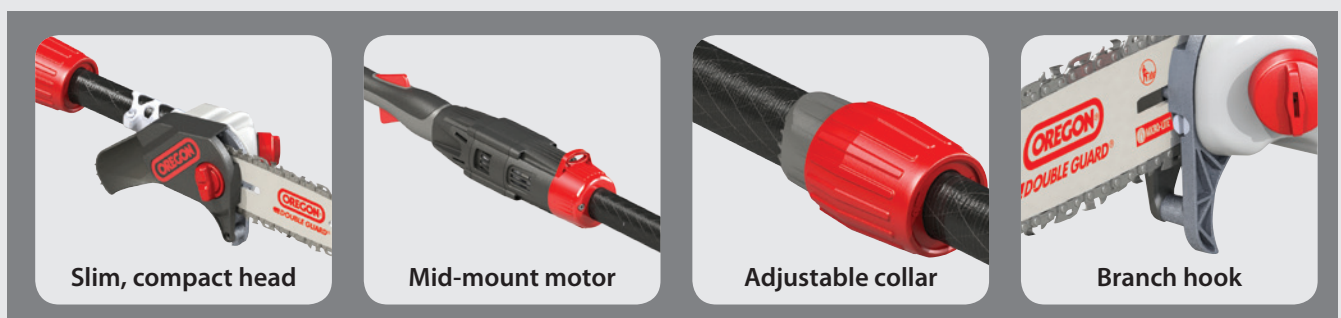

New in 2014, the OREGON 36V Pole Saw gives you the power and agility necessary for powerful yet precise trimming. With its compact cutting head for increased agility and a tool-free extendable shaft that adjusts quickly and easily, hard-to-reach spaces are easier to trim than ever before. Powered by the OREGON® PowerNow™ Lithium Ion Battery Pack, the PS250 features premium cell technology for long run time and powerful, fast cutting. An ergonomic design and a mid-mount motor allows for reduced elevated weight and comfortable operation.

SPECIFICATIONS

- Splined aluminum drive shaft and mid-mount motor allow for a sleek micro-sized chain saw head
- Excellent ergonomics achieved through reduced elevated weight
- Extendable shaft – 2.2 m – 3.1 m (7'3" to 10'4") providing 4.3 m – 4.6 m (14' – 15') of reach**
- Microlite™ 3/8" Narrow-Kerf 90SG chain with 1.1mm (.043") gauge
- 20 cm (8") bar capable of cutting branches 20 cm (8") or less in diameter
- 14.4 m (47.4 ft.)/sec*** chain speed minimizes vibration
- Automatic oiler 100 ml tank capacity
- Weighs 6.1 kg (with 2.4 or 4.0 battery)

CS250

36V Chain Saw

The OREGON® 36V Chain Saw is designed with all the battery muscle you need to get the job done. It runs cleaner, quieter and is free from the hassles of gasoline or cords. Pull the trigger and you have an instant start and long run time. Just charge the OREGON PowerNow™ Battery Pack and you are always ready™ to go with Lithium Ion no-fade power. Created by the world's leading manufacturer of saw chain, OREGON offers exclusive innovations, such as the PowerSharp® precision saw chain sharpening system built into the chain saw.

FEATURES

36V LITHIUM ION PERFORMANCE

- High power for fast cutting with a 35 cm (14") bar
- Long run time
- Constant, no-fade power
- Premium cell technology
- Holds charge in storage for months

INSTANT START

- No pull cords
- No warm up
- No gas-oil mixing
- No emissions

LOW NOISE

- Four times quieter than a gas saw in use
- Silent between cuts

ERGONOMIC DESIGN

- Light-weight and balanced
- Low vibration

SPECIFICATIONS

- 35 cm (14") bar length
- PowerSharp® chain, 3/8 in. Low Profile® with 1.3 mm (.050") gauge
- Automatic oiler with 175 ml tank capacity
- No load chain speed 2350 FPM
- Weighs 5.4 kg (12 lbs.) with 2.4 Ah and 4.0 Ah Battery Packs

POWERSHARP® SHARPENING SYSTEM

With the built-in PowerSharp® Sharpening System, there's no more downtime due to dull chain. Simply pull the PowerSharp lever for 4 seconds and the chain works like new. With PowerSharp, you can sharpen on the saw, on the job, in seconds*.

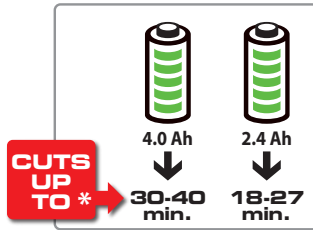

- Fast – From dull to sharp in as little as three seconds
- Convenient – Built-in sharpener means no extra tools are necessary
- Tough – Durable, hard-working 3/8" pitch, Low Profile™ chain with 1.3mm (.050") gauge
- Precise – Perfect angles and knife-sharp edges

* in 5-7 cm material

ST250

36V Trimmer/Edger

The OREGON® 36V Trimmer/Edger has the power and precision for any job you might face. With no cords to get cut or tangled, the ST250 is ALWAYS READY™. The OREGON PowerNow™ Lithium Ion Battery Pack features premium cell technology for long run time and fast, powerful cutting. An ergonomic, in-line design allows for comfortable use and quick and easy conversion from trimming to edging. OREGON® quick loading trimmer head technology makes string loading simple and fast.

FEATURES

36V LITHIUM ION PERFORMANCE

- Long run time
- Constant, no-fade power
- Premium cell technology
- Holds charge in storage for months

INSTANT START

- No pull cords
- No warm up
- No gas-oil mixing
- No emissions

2-IN-1 TOOL

- Quick and easy conversion from Trimmer to Edger
- Flip down guide for precise edging

ADVANCED CUTTING SYSTEM

- OREGON® quick loading trimmer head for fast, easy string loading
- Duoline+ is resistant to cracking and breaking
- Reliable bump feed line advancement
- Dual lines for faster cutting
- Patented Gear Drive technology

COMFORT & CONTROL

- Ergonomically engineered to be light-weight & balanced
- Large comfortable handles
- Variable speed throttle increases control and run time

LOW NOISE

- Four times quieter than a gas trimmer
- Silent between trimming

SPECIFICATIONS

- Dual feed 2.0 mm Duoline+ trimmer line
- OREGON® quick loading trimmer head
- Bump feed line advancement

DUOLINE+

OREGON's innovative 2.0 mm Duoline+ string trimmer line has been optimized for the OREGON® ST250 Trimmer/Edger. Featuring an armored exterior that's engineered to resist welding, Duoline+ is the ideal trimmer line for cordless string trimmers.

- Durable, armored exterior for resistance to abrasion, breakage and welding
- Flexible core is resistant to cracking and breaking
- Low drag SuperTwist® design for longer run time
- Lower vibration and noise compared with traditional nylon lines

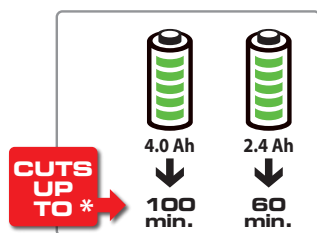

Low Noise

* Depending on material being cut and user technique

HT255

36V Hedge Trimmer

The OREGON® 36V Hedge Trimmer has the power you need to handle even the toughest jobs. With no cords to get cut or tangled, the HT255 is **ALWAYS READY™**. The OREGON PowerNow™ Lithium Ion Battery Pack features premium cell technology for long run time and powerful, fast cutting. An ergonomic design allows for comfortable use of the 60 cm (24") blade, and a variable speed throttle increases control and run time. Precision-ground, laser-cut blades mean cleaner cuts and healthier plants.

FEATURES

36V LITHIUM ION PERFORMANCE

- High power for fast cutting
- Long run time
- Constant, no-fade power
- Premium cell technology
- Holds charge in storage for months

COMFORT & CONTROL

- Ergonomically engineered to be light-weight and balanced
- Large comfortable handles
- Dual action design for low vibration
- Variable speed throttle increases control and run time

PREMIUM BLADE TECHNOLOGY

- Laser-cut precision cutting blades for cleaner cuts and healthier plants
- Up to 1.9 cm (3/4") cut capacity for fast, smooth cutting
- 60 cm (24") blade for heavy-duty jobs

LOW NOISE

- Four times quieter than a gas trimmer
- Silent between trimming

SPECIFICATIONS

- 60 cm (24") blade length
- Laser-cut dual reciprocating blades
- 2750 strokes per minute maximum cutting speed
- Cuts up to a 1.9 cm (3/4") branch
- 74 dB sound power level
- Variable speed throttle
- Weighs 9.8 lbs (4.4 kg) with 2.4 Ah Battery Pack

PREMIUM BLADE TECHNOLOGY

Engineered with premium blade technology to outlast the competition. Rugged and durable, the OREGON® HT255 Hedge Trimmer's blades are perfect for trimming and sculpting.

- 60 cm (24") blade for heavy duty jobs
- Laser-cut precision cutting plates for cleaner cuts and healthier plants
- Up to 1.9 cm (3/4") cut capacity for fast, smooth cuttings

* Depending on material being cut and user technique

Batteries

B600E 4.0 AH BATTERY PACK

The B600E is the highest capacity battery available for the OREGON Cordless Tool System. Offering twice times the run time of the B400E Battery Pack for maximum endurance.

- Compatible with all OREGON® Cordless Tool System products
- Weighs approximately 1.2 kg (2.7 lbs.)
- Run time example: Approximately 400 cuts of 5.1 cm x 7.6 cm (2" – 3") diameter wood on the CS250 Chain Saw – a 66% improvement over the 2.4 Ah B400E.

| Ref |
